Summary

I am a senior at Cal Poly SLO with 2+ years of design experience on mobile and web products and 1 year of front end development experience. I am seeking full time product design positions starting in August or internships starting in June.

Experience

eBay - UX Design Systems Intern June - Sep 2018

- Designed a new pill-based mobile filtering pattern and a new empty state pattern
- Held constant communication with UX and dev teams across eBay to make sure my patterns will be effective across every platform and usecase
- Conducted research, designed pattern, made sketch library component, and created documentation for each pattern

Ellie Mae, Inc. - UI Engineer Intern June - Sep 2017

- For first 7 weeks did AngularJS development. Implemented a real-time notification inbox.
- Spent last 3 weeks on UX team. Was responsible with improving integration of the UX team's style guide into the UI engineer's workflow.

Zoomforth - Visual Design Intern Feb - Dec 2017

- Worked on Zoomforth web app. An interactive, content-rich microsite builder
- Main job was to improve the overall UI/UX of the web app.
- Helped companies (Adobe, Dellote, Asana, etc.) design their Zoomforth web pages.

Jupyter - UI/UX Design & Web Dev Intern Mar - Dec 2016

- Designed and developed plugins for JupyterLab, an open-source data science web IDE.
- Involved with entire product cycle from identifying design issues, coming up with design solutions, getting community feedback, and implementing our idea.
- Created official company brand guidelines

Projects

FlowChamp - Javascript Web App Nov - Jan 2018

- PolyPlanner is used by the school to help students create their 4 year course plan
- Working as a designer in team of 4 students
- Product usage jumped from 60 users to 1,000 users after redesign

Amazon Handmade - Android Application Sep 2018 - Now

- Working with Amazon to build an app to help people in indigenous mexico sell their goods
- Created winning design for application. In process of developing app.

Education

California Polytechnic State University, San Luis Obispo Sep 2015 - Now

- Software Engineering B.S. concentrating in Human Computer Interaction
- Expected Grad: August 2019
